Dear Members,

Over 40 Years of Service to our Communities

2025-26 Interagency Council of Norristown Membership Campaign

Serving our community through networking and collaboration with dedicated human services organizations, local businesses, individuals, and providers in Central Montgomery County is what we have been doing since 1981. Together, we improve the delivery and access of services to our communities and believe that through the personal contact of human service workers and the free exchange of information and ideas, we may better serve those in need.

Membership Benefits for a nominal fee give you:

2. Informative programs that provide tools to build skills and gain access to available resources in the community.
3. The ICN Connections Resource Guide continues to serve as a gateway for finding appropriate services for consumers in the region.
4. Shared Community Impact
5. ICN as a conduit to disseminate information to other organizations through email distribution. The distribution list is 400+.
